

Synergetic Consulting On-Line Training Registration Form

Our solution to training time scheduling problems is to offer on-line training! Listen to and watch the instructor's computer moves live, ask your own questions or give input, and practice hands-on tasks -- all from the comfort of your own office. Participants must use a computer that has all required software components (listed with class description) installed and working. You must also have internet connectivity. You may use "live data" for Crystal Reports classes, but we suggest using "test data" during the System Utilities and System Designer classes. You may contact us ahead of time to make sure your computer is set up right.

Classes are typically divided into 2-hour sessions, normally held on Tuesday, Wednesday, and Thursday, from 9:30 am to 11:30 am, Pacific Time. This allows you to conduct your normal work for most of your day. Please put your phone on "mute" if your office is noisy.

Fees

Training fees are \$195 per 6-hour class and will be invoiced, net 30, after each training week. NOTE: To save costs, you may share your desk and computer to allow others to share the training, however, **ONLY the person registered for the class may login and ask the questions.** There is a limit of 14 logins per class.

Registration by Mail, E-Mail or Fax **must be received by 4pm, the day BEFORE your first class.** Please make sure you receive a confirmation of your registration. Login information will be sent to you by email the day of the training.
